Students are not permitted to smoke, use, or possess tobacco products in school buildings and/or on school grounds at any time.

**G. Speakers at Meetings.** Speakers at meetings and the subject of the speech shall be described in the written application. Any speaker who is not officially connected with GMSD, must be approved by the Superintendent or his/her designee as part of the rental agreement. The character of speakers and any entertainment shall be of a standard, which is acceptable for presentation in a public school environment.

**H. Custodial Coverage.** Custodial coverage is required for use of the Facilities by any outside group. SKB Facilities and Maintenance is the current custodial provider for GMSD. Please contact SKB to set up this service for your specified date and time if this is needed. Otherwise, you will be responsible for leaving the facility in the same condition it was prior to the event. Additional fees may be charged in the event custodial services are not properly provided by the group using the facilities.

**I. Specification of Hours for Facility Use.** The specific hours and dates for the use of School Facilities must be set forth in the written application and agreement. This requirement includes the time(s) necessary for the preparation of the Facilities, the receipt of any deliveries of equipment and supplies, the actual opening and closing of the Facilities for the event, and the required time for cleanup and departure of people. Such hours and dates shall be subject to the approval of the Superintendent or his/her designee. In making these decisions, the Superintendent or his/her designee will take into account the needs of the entire community. The School Facilities shall generally be available for use by the public daily, 6:30 a.m. to 11:00 p.m., providing the Superintendent or his/her designee determines that there is no conflict with school activities and that it is not necessary to incur special costs to make the School Facilities available. Approval of requests for use of the School Facilities on weekends and school holidays will also be contingent upon the availability of staff. All rental and leasing activities will be considered canceled on days when the School Facilities are closed because of either emergency conditions or hazardous weather.

**J. Responsibility for Physical Care and Security of School Facilities.** After a School Facility is used, the group or organization using it and the Designated Responsible Individual shall be jointly and severally responsible for returning it to its normal condition, ready for school use. This responsibility includes cleaning up any debris and returning furniture, equipment, and materials back to their original condition and arrangement. No alterations, additions, or changes to a School Facility will be permitted without the approval of the Superintendent or his/her designee. The sponsoring group or organization and the Designated Responsible Individual shall be jointly and severally responsible for and shall pay for any damage to any School Facilities or other property. The presence of school employees on duty does not relieve such responsibility. Fees may also be charged to the group or organization if GMSD must pay a security officer, supervisor, or

any other employee to be in attendance at the School Facilities. The Superintendent or his/her designee may also require police for control of crowds and traffic and charge the cost to the sponsoring group or organization.

**K. Use of Specific Equipment and/or Facilities.** *The use of specific equipment* such as stage lights, kitchen facilities, movie projectors, and the like must be requested and approved in advance. A cafeteria worker must be present when a kitchen is used. Likewise, school technicians (stage crew) must be assigned to operate stage equipment. Personnel costs will be assessed per the rates listed in the fee schedule.

**L. Financial Charges for Use of Facilities.** *GMSD has established a fee schedule* for the use of School Facilities in accordance with Tennessee Law. Fees for the use of School Facilities under Rental and Lease Agreements shall be in accordance with the fee schedule or as determined by the Superintendent or his/her designee. The rental payment for the lease of School Facilities under a Lease Agreement will be subject to the approval of the Board. Unless otherwise provided in the Rental Agreement or the Lease Agreement, all fees and payments will be due and payable prior to the use of the Facilities. Upon approval of the Agreement, any excess payment will be refunded, while any shortage will be payable after the event and will be the responsibility of the renter. Notice of cancellation must be received at least three (3) calendar days prior to the use of the facility.

The Superintendent or his/her designee shall evaluate fees for the use of the School Facilities periodically. Normally, fees will be higher for outside groups or organizations (as defined in the "Priorities for Use of Facilities" listed below). The rental fee can include custodial services, security services, supervision or police, as needed. Charges will be according to the rates established in the fee schedule for school personnel and according to actual costs for non-school personnel.

The fee schedule will be made available as a part of the rental application, which can be found online. The Superintendent or his/her designee shall have the authority to waive or reduce any fee for any community, city, or school-sponsored group or organization if there are appropriate circumstances that warrant such consideration.

**M. Revocation of Right to Use.** *Except as may be provided in the Rental Agreement,* GMSD may revoke the right to use School Facilities at any time with or without notice.

**N. Other Requirements, Rules, and Regulations.** *The Superintendent or his/her designee* require special terms, conditions, and rules in any Rental Agreement or Lease Agreement if in his/her opinion such terms and conditions are necessary to protect School Facilities and/or the GMSD's relationship with the community. Situations that are substantially outside the scope and intent of this rule shall be submitted to GMSD for its consideration.

**O. Consequences for Noncompliance.** *Any unsatisfactory experience with* a particular sponsoring individual, group, or organization shall be adequate reason for refusing future application for use of School Facilities. This shall include, but not be limited to, poor care of a Facility, unpaid fees, and/or unpaid damages. Furthermore, any person who enters any of the School Facilities at any time when they are not open for use under the rules or regulations of GMSD may thereafter be denied the privileges of using all School Facilities.
